annual
report

mission & vision

Domestic Violence and Sexual Assault Services of Whatcom County supports individuals affected by domestic violence, sexual assault, and sexual exploitation and leads the community towards ending these abuses of power.

We believe...

All people have the right to be in a safe, non-violent community.

Personal empowerment is essential to an individual's growth and healing.

Volunteers empower the community to help and care for itself.

It is individuals who choose to abuse and they are responsible for their behavior.

All people have the right to be free from physical, emotional, and sexual abuse.

Community-based solutions are essential to ending violence.

We believe in a community free from violence.

“ Without these services, I wouldn't know how to live without being abused. This agency saved me & my daughter's life. Thank you for giving us a life & a new beginning.”
